

PROTECT MY RIGHT TO CHOOSE: SAVE LOCAL TELEPHONE COMPETITION

☒ YES, protecting my right to choose my local telephone service provider is important to me! Save UNE-P.

RECEIVED

Dear Representative,

MAY - 4 2004

For years, I was burdened with a single service provider that, in many cases, did not fully meet my needs. Now that I'm beginning to see new and better options that have met my needs thus far, its all about to vanish, if the FCC does not appeal the DC Circuit Court decision to the Supreme Court.

Freedom of choice is something that has driven our economy for decades. When companies are forced to compete for my business the result is almost always a better product, at a fairer price.

The decision of the DC Circuit court was ill-advised and should be immediately appealed by the FCC.

Please Protect My Right To Choose. Take it to the Supreme Court!

PROTECT MY RIGHT TO CHOOSE: SAVE LOCAL TELEPHONE COMPETITION

☒ **YES**, protecting my right to choose my local telephone service provider is important to me! Save UNE-P.

Dear Representative,

For years, I was burdened with a single service provider that, in many cases, did not fully meet my needs. Now that I'm beginning to see new and better options that have met my needs thus far, it's all about to vanish, if the FCC does not appeal the DC Circuit Court decision to the Supreme Court.

Freedom of choice is something that has driven our economy for decades. When companies are forced to compete for my business the result is almost always a better product, at a fairer price.

The decision of the DC Circuit court was ill-advised and should be immediately appealed by the FCC.

Please Protect My Right To Choose. Take it to the Supreme Court!

☒ YES, protecting my right to choose my local telephone service provider is important to me! Save UNE-P.

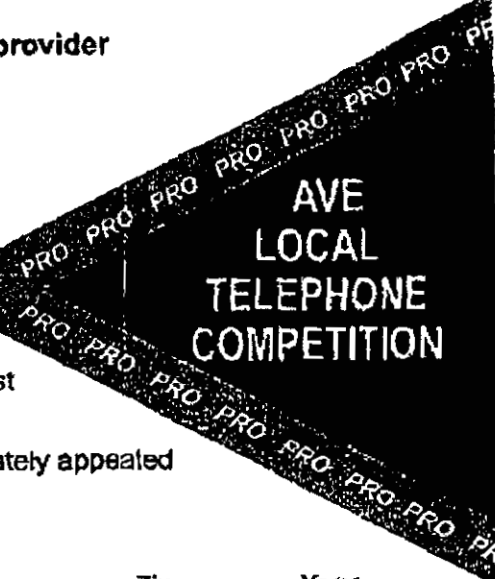

Dear Representative,

For years, I was burdened with a single service provider that, in many cases, did not fully meet my needs. Now that I'm beginning to see new and better options that have met my needs thus far, it's all about to vanish, if the FCC does not appeal the DC Circuit Court decision to the Supreme Court.

Freedom of choice is something that has driven our economy for decades. When companies are forced to compete for my business the result is almost always a better product, at a fairer price.

The decision of the DC Circuit court was ill-advised and should be immediately appealed by the FCC.

Please Protect My Right To Choose. Take it to the Supreme Court!
